Memo

Mr Cook states that as the Sanskrit Classes are held only in the morning from 7 to 10 it should be possible to accommodate the City Municipal English School there without disturbance to the Sanskrit Classes the hours of the English School being 11 to 5 P.M.

With reference to the above, I beg to state that some classes of the Sanskrit College are also held in the afternoon from 2 to 5 P.M. and besides several of the students have their quarters in the College premises. In fact

circumstances, it is not possible to accommodate the City Municipal School there.

Since receiving the letter, I met Mr. Cook at the Dewan's residence. And in the course of the conversation on the subject, the Dewan observed that the Bungalow to the north of the Sanskrit College and belonging to Mr. A. Viraswami Mudaliar, Amrit Mahal Superintendent might be rented for ~~City Municipal~~ the School. I then added that in case that Bungalow was found insufficient to

accommodate all the classes of the Municipal School and no other building in the neighbourhood can be secured for rent, then a few classes of the municipal school might be held in the Sanskrit College premises in the afternoon.

I may also add that the Sanskrit College building, as it now stands, is quite unsuited for the accommodation of the Municipal English School containing about 5 or 6 hundred pupils. For, the building consists of one long hall without any partitions in the middle and a few small

rooms. It is only in
these side rooms that
the classes may be held,
while the hall, for want
of partitions, cannot
accommodate more
than 2 classes — one at
each end. — In short
not more than 5 or 6
classes may be held
in the whole of the
Sanskrit College building
and this is not sufficient
for the city municipal
school —

I understand that
Mr Veerasami Mood:
is willing to rent ~~out~~ his building
(his bungalow) for Rs 50 —

Letter No. 73, dated 20th July 1899, from the Dy Comr, Bangalore Dtt to the Secretary to the Govt in the General and Revenue Departments

---

In the foregoing letter ~~(transferred to this Department for opinion which has been referred to Govt)~~, the Dy Comr states that owing to the re-appearance of the Plague in the Bangalore city, the City Municipal School should be removed to a more healthy locality, and proposes that it may be allowed to be held as a temporary measure, in the Sanskrit College premises in the fort, the Sanskrit College

classes being removed to the city municipal School building in the town - If the city municipal School building be pronounced as unsuited ~~the~~ for the School on account of its insanitary surroundings, it is hard to conceive how it will suit the Sanskrit students boys - Perhaps it may be said that the strength of the municipal School is much larger than that of the Sanskrit College. No doubt it is; for the strength of the municipal School is about 500, while the number on the rolls of the Sanskrit College is about 150. But this difference in the numerical strength of the students is not a matter

to be considered in the de-
cision of the present question.

On several occasions
in the past, proposals were
made by the Dy Comr. and
other officers, to appropriate
the building for other purposes;
but on those occasions, the
Dewan was pleased to observe.
But those proposals were not
sanctioned by the Govt.
The close proximity of the build-
ing to the Sri Venkatavamana
Swami temple (opposite to it)
are Some times held
makes it peculiarly adapted
for the purposes of the Sanskrit
College. Accordingly, very large sums
from Muzrai funds have
been spent in the repairs
and for the improvement of the
building. A few English &
Oriental classes have also been
opened in the College &c.

are held in the afternoons-
There is every likelihood of
the ~~Sanskrit~~ College improving
in strength, as it is under con-
templation to open a few more
English classes in the Instn.
In these circs I cannot sup-
port the Dy Com.rs's proposal
to hold the Municipal School
in the Sanskrit College building,
and remove the Sanskrit
College Elsewhere-
